

Welcome to Region 10 Technical High School, where passion meets purpose and dreams take flight. Here, students are not just learners; they are creators, innovators, and future leaders. At Region 10, we offer a diverse array of programs, each designed to equip students with the skills and knowledge needed to succeed in today's rapidly evolving world. From our Building Trades program, where students learn the art of construction and carpentry, to Culinary Arts, where aspiring chefs hone their culinary skills in our state-of-the-art kitchen, and everything in between, including Cybersecurity, Electrical Technology, Automotive Collision Repair, Welding, and more. At Region 10, we believe in the power of experiential education. Our students don't just sit in classrooms; they roll up their sleeves and dive into real-world projects, gaining invaluable experience along the way. And with industry-experienced instructors guiding them every step of the way, our students graduate not only with diplomas but with the skills, confidence, and resilience needed to thrive in today's workforce. Region 10 Technical High School: where the future is forged, one student at a time. Visit us today to learn more.
